### Remarks

An exceptional historic Victorian located in the Coopersburg Historic District and the sought-after Southern Lehigh School District. Part of the 2022 Streetscape Project, this beautifully renovated home preserves its original old-world charm while offering thoughtful updates, including a full bath renovated in 2025. The kitchen and baths reflect the home's historic character. 1st floor offers 9' ceilings, natural woodwork, stained glass window in the entry foyer, living room, dining room, eat-in kitchen, office and 1/2 bath. 2nd floor has a loft area plus 3 bedrooms and a full bath. Set on a park-like .948-acre lot nestled right in the Borough, this home feels like a private oasis. The grounds feature a babbling stream, pond, vanishing-edge pool, slate patio, and approximately 900 sq ft of hand-cut flagstone pool decking, surrounded by lush mature landscaping. Stone walls, granite accents, and an antique wrought-iron fence reclaimed from the historic Blue Church add rare character. Enjoy views from the second-floor balcony overlooking the park-like yard. This is a gardener's paradise, with garden shed, one-car garage, ample on and off-street parking, walk-up attic plus the home is wired for a generator. Conveniently located just one hour from NYC and 45 minutes to Philadelphia, this one-of-a-kind
